

The Buzz

August-October, 2021

Volume 1, Issue 8

And the 2021 Ronald Hancock Award goes to...

Garry Haigh! Garry's musical talents shine through, both in church as well as in the community, where he and his brother, Chris, are a well-loved musical duo. His expertise with sound systems, projectors and the computer are a blessing to us every Sunday. As an important part of the Parish Council, Garry draws on his experience in building to help keep the church ship shape. Well done, Garry, for making good use of your many talents!

An outward expression of inward faith

On October 3, Stephen Lidelow was officially welcomed into the Body of Christ as he was baptised by Father Jesse. Steve's demonstration of a deep and pure faith is an inspiration to us all. We are glad to welcome him, and all who are interested in being part of the family of God, into the fold.

Feeding the flock

You may have spotted the Lumberjack Grill food truck around town lately. Chef Raj has been dishing up what is being touted as some of the yummiest burgers in the valley

(among other things), and has been setting up shop outside the Anglican Church on Thursday evenings. Come down for a tasty bite, or just to get out of making dinner on Thursdays! It is also a wonderful opportunity to connect with community and support local business after a long period of isolation.

Flower Power

Spring is most definitely here! Helen Packwood and her helpers have been producing the most lovely flower arrangements every Sunday. The roses pictured below were from the gardens of several congregation members. Keep up the good work! We are thankful for everyone who works hard behind the scenes to enrich our services.
